Catit Play 'n Scratch

Keep your cat entertained and tame its natural scratching instinct with the Catit Play 'n Scratch - a scratcher-and-toy-in-one!

Catit Play 'n Scratch provides cats with a safe and convenient place for exercise and a satisfying outlet for cats to scratch, diverting their attention from valuable household fixtures and furniture.

A unique scratcher-and-toy-in-one, the Catit Play 'n Scratch consists of a durable plastic platform with a scratch pad located at the centre and a tracking ball that rolls around the perimeter. There's also a spring toy with a fluffy pom-pom for additional fun and enticement.

The scratch pad is made of corrugated cardboard, which provides felines with a safe surface to put their claws into. When they're finished scratching, they can swat at the pom-pom or chase the ball around the track.
